Why ABC?

ABC has been writing and publishing coursebooks to support student success for over 28 years. Our content covers **100% of the Alabama Course of Study Standards** by grade-level and subject – including assessments aligned to state blueprints.

- **Standards-alignment:** ABC’s coursebooks are the most highly standards-aligned content resources available. Our intense focus on standard-content-assessment alignment means teachers can feel confident that students will master all of the standards using their ABC coursebooks and digital resources!
- **More time for teacher-facilitated, high-level learning:** Mastering content requires learning effective strategies that equal success in the classroom and beyond. ABC coursebooks are designed to support student efforts to develop lifelong learning skills.
- **Data-driven instruction through Online Assessment** with ABC’s digital platform, CourseWave - included with all coursebook purchases!

What's Included With Your Order

ABC's All-Inclusive Resources: Coursebooks, eBooks, and CourseWave Online Testing

Included in every ABC coursebook are pretests and posttests where question type and number match state blueprints exactly. These questions are clearly labeled with DOK level and standard for easy concept identification. Our CourseWave Online Testing maps directly to coursebook content, ensuring a seamless testing experience for students. In CourseWave eBooks, students and teachers can highlight, annotate, bookmark, and more—treat the eBook like a paper book, only better. Whether in the classroom or at home, wherever students access the internet, ABC is there.

Teacher's Guides:

The ABC Teacher Guide is not only your answer key for all tests and quizzes, but also offers assessments not included in the student coursebook. With all the same features as our enhanced eBooks, the teacher guide is **FREE** with your purchase.

Data-driven Instruction Made Easy:

The included pre- and posttests are aligned directly to the **Alabama Course of Study Standards**. Use our robust score reporting tools to instantly identify learning gaps at the student or classroom level, then use the Chart of Standards in your teacher guide to identify more opportunities for practice.

The three interior angles of a triangle always add up to 180°.

Example 1:

Example 2: Find the missing angle in the triangle.

Solution:

$20^\circ + 125^\circ + x = 180^\circ$	Subtract 20° and 125° from both sides to get x by itself.
$-20^\circ - 125^\circ$	
$x = 180^\circ - 20^\circ - 125^\circ$	
$x = 35^\circ$	The missing angle is 35°

The Printing Press

Before William Caxton set up the first printing press in England in 1476, the only writing available to literate people was handwritten. Books, mostly religious in nature, were labor-intensive and time-consuming products. These coveted manuscripts were relatively few in number. They were accessible to only the educated classes, which made up a small segment of society. Only the nobility and the clergy were literate. All other members of society belonged to the class of laborers, who were generally uneducated and known as “commoners.” However, a new merchant class was beginning to emerge in Europe—men who had a basic degree of education as well as some expendable cash.

Lacy sat down at the kitchen table. She picked up the cheeseburger and took a bite. Lacy's dog, Boomer, sat under the table making a whimpering sound. Just then, the phone rang. Lacy got up and went to answer the phone.

Lacy's mother was on the phone. She wanted to talk about Thanksgiving plans. Lacy began walking around the house while she was on the phone. She did not see Boomer jump up on the chair. Boomer looked around to see if Lacy was watching him. She wasn't. Boomer grabbed the cheeseburger and enjoyed his tasty treat. He finished the cheeseburger and went back under the table.

Just then, Lacy walked back into the kitchen and sat down at the table. All that was left of her cheeseburger were a few crumbs of bread. Lacy looked under the table. Boomer had a little bit of cheese on his mouth. Lacy frowned and said, "Boomer, you are in so much trouble."
