Why ABC?

ABC has been writing and publishing coursebook to support student success for over 28 years. Our content covers **100% of the Virginia College and Career Ready Standards,** by grade-level and subject – including assessments aligned to state blueprints.

- **Standards-alignment:** ABC's coursebooks are the most highly standards-aligned content resources available. Our intense focus on standard-content-assessment alignment means teachers can feel confident that students will master all of the standards using their ABC Coursebooks and digital resources!
- **More time for teacher-facilitated, high-level learning:** Mastering content requires learning effective strategies that equal success in the classroom and beyond. ABC Coursebooks are designed to support student efforts to develop lifelong learning skills.
- **Data-driven instruction through Online Assessment with ABC's digital platform:** CourseWave gives teachers the tools they need to assess student knowledge and identify learning gaps, while giving students opportunities to practice their newly-learned skills and prepare for high-stakes testing.

What's Included With Your Order

ABC's All-Inclusive Bundles: Coursebooks, eBooks, and CourseWave Online Testing

Included in every ABC Coursebook are pretests and posttests where question type and number match state blueprints exactly. These questions are clearly labeled with DOK level and standard for easy concept identification. Our CourseWave Online Testing maps directly to Coursebook content, ensuring a seamless testing experience for students. In CourseWave eBooks, students and teachers can highlight, annotate, bookmark, and more–treat the eBook like a paper book, only better. Whether in the classroom or at home, wherever students access the internet, ABC is there.

Teacher's Guides:

The ABC Teacher Guide is not only your answer key for all tests and quizzes, but also offers assessments not included in the student workbook. With all the same features as our enhanced eBooks, the teacher guide is **FREE** with your purchase.

Data-driven Instruction Made Easy:

The included pre- and posttests are aligned directly to the **Virginia College and Career Ready Standards.** Use our robust score reporting tools to instantly identify learning gaps at the student or classroom level, then use the Chart of Standards in your teacher guide to identify more opportunities for practice.

ABC Score Improvement Guarantee

Raise your school's *Proficient* and *Above* percentage, or get your money back. ABC's money-back guarantee is measured on the same state assessment metric used to evaluate administrators. To qualify:

A. **School-wide Adoption:** ABC materials are ordered for 100% of students in the grade and subject, or in the EOC subject.
B. **New to ABC:** The school did not order ABC for that grade and subject, or EOC subject, the previous year. State Results Provided for Both Years: Last year's Proficient and Above percentage is compared with this year's on the state assessment.
C. **State Results Provided for Both Years:** Last year's Proficient and Above percentage is compared with this year's on the state assessment.
D. **Proof of Completed Program:** Well-used student books, or reports showing 100% usage of online testing and e-books.

Full terms and conditions apply.
See **abck12.com** or contact us at **contact@abck12.com** or 888-264-5877.

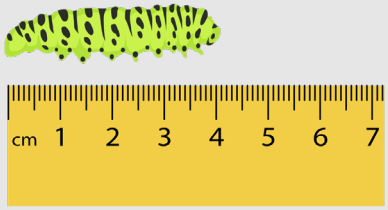
Technology Enhanced Questions

Example: How long is the caterpillar?



Step 1: Line up the end of the caterpillar with the zero mark.

Step 2: Find the mark on the ruler closest to the other end of the caterpillar. Read the number.

Step 3: Write your answer. The caterpillar in this picture ends at the 4.

The Incredible Orangutan

Deep in the forests of Borneo and Sumatra, a bright orange animal lives high up in the trees. The orangutan is a unique primate, which means it is related to chimps, gorillas, and even human beings. Unlike most primates, however, orangutans spend their lives almost entirely in the trees. They are able to do this with specialized hands and feet that allow them to grip trees and branches, and their long arms allow them to reach out and grab distant branches. They stay in the trees to avoid predators, such as clouded leopards, tigers, and wild dogs.

Key Science Concepts

Extended Response Tasks

Genetic Drift

Genetic drift provides random changes in the occurrence of genes through chance events. These chance events can take place when a few individuals of a population break off from the original group and start their own population, also known as the **founder effect**. This is what happened with Darwin's finches. A few birds might have been blown to the Galapagos Islands during a storm. These "founder" birds remained on the island and reproduced, eventually developing into different species.

Figure 22.4 Bottlenecking

Genetic drift can also occur if a large number of the population is killed because of disease, starvation, change in natural environment or a natural disaster. When this happens to a population, it is called **bottlenecking**. A large population is reduced to a few individuals, and the genes of subsequent generations become very similar. Inbreeding between these few individuals leads to populations that have very few genetic differences. This situation happens with many endangered species. An example is the Florida panther (*Puma concolor coryi*). Many panthers were killed by human hunters or died because of habitat loss. This has created a modern bottleneck. This bottleneck is suspected to be the reason why many Florida panthers have breeding problems.

CourseWave

Data-Driven Instruction for your Classroom, covering 100% of the Virginia Standards of Learning.

Spend your time teaching–not creating and grading exams. Our experts have meticulously mapped out chapter, formative, and summative assessments with technology-enhanced questions directly to the College and Career Ready Standards.

- Receive **instant score feedback** and utilize the built-in analytics to provide data-driven instruction.
- **Easily recognize trends** and patterns in student scores and identify knowledge gaps at the student or classroom level.
- **Rostering is simple and secure.** With our new ABC Connect rostering service, districts enjoy a seamless data sync built on security-first infrastructure from Ednition, no matter which SIS is in use.
- **Single Sign On (SSO)** solutions make access easy at all grade levels.
