Why ABC?

ABC has been writing and publishing coursebooks to support student success for over 28 years. Our content covers **100% of the Georgia K-12 & GSE Standards of Excellence** by grade-level and subject – including assessments aligned to state blueprints.

- **Standards-alignment:** ABC's coursebooks are the most highly standards-aligned content resources available. Our intense focus on standard-content-assessment alignment means teachers can feel confident that students will master all of the standards using their ABC coursebooks and digital resources!
- **More time for teacher-facilitated, high-level learning:** Mastering content requires learning effective strategies that equal success in the classroom and beyond. ABC coursebooks are designed to support student efforts to develop lifelong learning skills.
- **Data-driven instruction through Online Assessment with ABC's digital platform:** CourseWave gives teachers the tools they need to assess student knowledge and identify learning gaps, while giving students opportunities to practice their newly-learned skills and prepare for high-stakes testing.

What's Included With Your Order

ABC's All-Inclusive Bundles: Coursebooks, eBooks, and CourseWave Online Testing

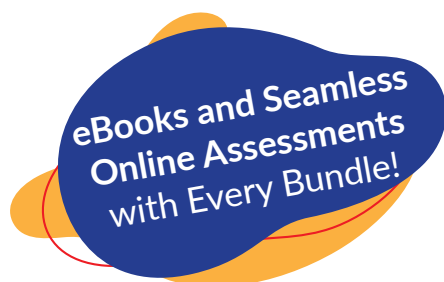

Included in every ABC coursebook are pretests and posttests where question type and number match state blueprints exactly. These questions are clearly labeled with DOK level and standard for easy concept identification. Our CourseWave Online Testing maps directly to coursebook content, ensuring a seamless testing experience for students. In CourseWave eBooks, students and teachers can highlight, annotate, bookmark, and more—treat the eBook like a paper book, only better. Whether in the classroom or at home, wherever students access the internet, ABC is there.

Teacher's Guides:

The ABC Teacher Guide is not only your answer key for all tests and quizzes, but also offers assessments not included in the student coursebook. With all the same features as our enhanced eBooks, the teacher guide is **FREE** with your purchase.

Data-driven Instruction Made Easy:

The included pre- and posttests are aligned directly to the **Georgia K-12 & GSE Standards of Excellence**. Use our robust score reporting tools to instantly identify learning gaps at the student or classroom level, then use the Chart of Standards in your teacher guide to identify more opportunities for practice.

*Why do we yawn?
How do algorithms work?
What is the future of artificial intelligence?
How does the human brain work?*

In this chapter, you will become involved in the research process by generating questions, narrowing the focus, making connections between complex topics, exploring creative solutions, and refining text creation. You will also learn how to integrate information and cite sources in MLA format.

Research

Research is an investigation into a topic to uncover new information or understandings. It involves collecting data, evidence, or facts from various sources, such as books, academic journals, credible websites, or direct observations. **Inquiry** is a process of asking questions and seeking answers to the questions that are designed to inspire students to think for themselves, explore their world, and put them in charge of their own learning.

Data-Driven Instruction for your Classroom, Covering 100% of GSE & Georgia K-12 Standards

Spend your time teaching—not creating and grading exams. Our experts have meticulously mapped out chapter, formative, and summative assessments with technology-enhanced questions directly to the state standards, in the same format your students will encounter on the **Milestones & BEACON** exams.

- Receive instant score feedback and utilize the built-in analytics to provide data-driven instruction, mapped directly to **Georgia standards**.
- **Easily recognize trends** and patterns in student scores and identify knowledge gaps at the student or classroom level.
- **Rostering is simple and secure**. With our new ABC Connect rostering service, districts enjoy a seamless data sync built on security-first infrastructure from Ednition, no matter which SIS is in use.
- **Single Sign On (SSO)** solutions make access easy at all grade levels.
