# Our Story

*Hi, I am Colleen Pintozzi, President of American Book Company. Our family business started with a dream and a relentless desire to help students achieve. On February 21, 1996, ABC received its first order to help students pass high stakes tests in South Carolina. That one order launched our dreams to help struggling students achieve success. My husband, Dr. Frank Pintozzi, and I, along with our son, Devin Pintozzi, started American Book Company from the family garage.*

*Applying our combined 55 years of teaching experience, along with a talented team of employees passionate about education, we continue our quest to help students and educators across the United States excel on state and national exams.*

*We look forward to continuing to work and collaborate with you in helping your students achieve guaranteed academic growth and success.*

*Sincerely,*

*Founder, American Book Company*

# What's Included With Your Order

## ABC's All-Inclusive resources: Workbooks, eBooks, and CourseWave Online Testing!

Included in every ABC workbook are pretests and posttests where question type and number match state blueprints exactly. These questions are clearly labeled with DOK level and standard for easy concept identification. eBooks and CourseWave Online Testing map directly to workbook content, ensuring a seamless testing experience for students whether in the classroom or at home—wherever they access the internet, ABC is there.

## Teacher's Guides!

The ABC teacher guide is not only your answer key for all tests and quizzes, but also offers assessments not included in the student workbook. Even better, it's included **FREE** with every workbook purchase.

## Data-driven Instruction Made Easy!

After students complete the included pretests, teachers can use the CourseWave Score Report and the ABC Chart of Standards to quickly identify learning gaps at the student and classroom level. Find more content and opportunities for practice in the corresponding chapters.

# Data-Driven Instruction for your Classroom, covering 100% of Louisiana Student Standards

Spend your time teaching—not creating and grading exams. Our experts have meticulously mapped out chapter, formative, and summative assessments with technology-enhanced questions directly to the state standards, in the same format your students will encounter on the **LEAP** exams.

- Receive instant score feedback and utilize the built-in analytics to provide data-driven instruction, mapped directly to **Louisiana standards**.
- **Easily recognize trends** and patterns in student scores and identify knowledge gaps at the student or classroom level.
- **From school or home**, your students can access their assessments anywhere they access the internet.
- We **make sign-in easy**: your students can use their Clever, Google, Microsoft or ClassLink accounts for single sign on access!
