What's Included With Your Order

ABC's All-Inclusive Bundles: Coursebooks, eBooks, and CourseWave Online Testing

Included in every ABC coursebook are pretests and posttests where question type and number match state blueprints exactly. These questions are clearly labeled with DOK level and standard for easy concept identification. Our CourseWave Online Testing maps directly to coursebook content, ensuring a seamless testing experience for students. In CourseWave eBooks, students and teachers can highlight, annotate, bookmark, and more—treat the eBook like a paper book, only better. Whether in the classroom or at home, wherever students access the internet, ABC is there.

The ABC Teacher Guide is not only your answer key for all tests and quizzes, but also offers assessments not included in the student coursebook. With all the same features as our enhanced eBooks, the teacher guide is **FREE** with your purchase.

The included pre- and posttests are aligned directly to the **South Carolina College and Career-Ready Standards**. Spice Up Your Sandwiches

There are many ways to make a sandwich more interesting. Instead of the same old turkey or ham, why not use leftover chicken? You can use a tortilla instead of bread or even serve the sandwich in bites on crackers. Some people like grilled vegetable sandwiches.

2.1 REAL NUMBERS (DOK 1)

Real numbers include all positive and negative numbers and zero. Included in the set of real numbers are rational and irrational numbers. **Rational numbers** include integers and all repeating and terminating decimals, like $\frac{1}{3} = 0.\overline{3}$ and 1.9856. If a number cannot be expressed as a fraction, then it is not rational. It is irrational. Real numbers include all numbers that can be expressed as a fraction or decimal that ends or repeats.
